## OBJECTIVE

---

A dedicated and enthusiastic job seeker with a robust aptitude for organization, poised to carve a meaningful path in the realm of IT. Poised to collaborate seamlessly with the team in propelling company objectives to new heights.

## EDUCATION

---

<b>BTech - CSE(AI-ML)</b> , Institute of Aeronautical Engineering	2020 - 2024
<b>Intermediate - MPC</b> , Sri Chaitanya Junior College	2018 - 2020
<b>Secondary education</b> , Sri Ushodaya High School	2018

## SKILLS

---

<b>Technical Skills</b>	Python, Unity, MySQL, HTML, Django
<b>Soft Skills</b>	Communication, Adaptability, Time Management, Teamwork

## EXPERIENCE

---

<b>AR/VR Development Intern</b> Edodwaja	Feb 2023 - June 2023 <i>Telangana, India</i>
---	---

- I worked as an intern here in the field of virtual reality and learned many things, interacted with many people, and also learned new skills.

<b>Google Supported Virtual Internship Program</b> SmartBridge	Aug 2022 - Oct 2022 <i>India</i>
---	-------------------------------------

- This is my first internship, and it's an online internship program that is done in collaboration with Google developers. And in this program, I learned the Android basics in Kotlin.

## PROJECTS

---

**SpectraStock Insights.** This application was made using python and it's libraries, such as TensorFlow, Streamlit etc. In this application, we can see the past data of the stock along with its future prediction using our implemented algorithm! ([see it here](#))

**AlphaAuth Login.** This project was made using Django and here the user, whenever they want to create an account, they need to verify their email ID using otp or through verification through the link sent. ([see it here](#))

**Jammo-run.** An isolated island having a cute robot as a player which can be moved according to the user input. And even the robo has special gestures. ([see it here](#))

## EXTRA-CURRICULAR ACTIVITIES

---

- Conducted and Coordinated many Workshops.
- Member of Googel Developer Student Club, Computer Science of India, SAM
