Full Stack LLM Development Associate | GenAI Engineer | AI Agent Builder

+91 9014985989 ◇ Hyderabad, Telangana

PROFESSIONAL SUMMARY

Full Stack LLM Development Associate with experience in developing AI-powered enterprise solutions using Generative AI, Large Language Models (LLMs), Agentic AI systems, and cloud technologies. Experienced in building intelligent assessment agents, software modernization workflows, VS Code AI extensions, developer productivity tools, and enterprise automation solutions. Microsoft Certified Azure Fundamentals professional with hands-on experience in secure delivery, vulnerability remediation, mentoring, and AI-driven engineering practices.

TECHNICAL SKILLS

Programming	Python, JavaScript, TypeScript, SQL
AI & GenAI	LLMs, Generative AI, Agentic AI, AI Agents, Prompt Engineering, RAG, Machine Learning
Cloud, Tools & DevOps	Microsoft Azure, GitHub Copilot, Claude Code, VS Code, Git, GitHub, JFrog
Data Technologies	Apache Spark, PySpark, Hadoop, Kafka, Cassandra
Additional Experience	HTML5, C, R, Unity, AR/VR Development

PROFESSIONAL EXPERIENCE

Full Stack LLM Development Associate

Accenture

Sep 2024 – Present

Hyderabad, Telangana, India

- Developed and enhanced SAP Assessment Agents (PRIME, Profiler, PRIME+) enabling automated RICEFW classification, system profiling, brownfield analysis, test strategy generation, test case creation, and defect analysis.
- Contributed to GenWizard RECON, an AI-powered mainframe modernization solution for COBOL analysis, ALM documentation, Wiki generation, and User Story creation.
- Enhanced VS Code extensions integrated with GitHub Copilot and Claude Code, supporting 6+ AI agents for legacy code analysis, technical documentation generation, prompt management, and AI-assisted developer workflows.
- Delivered end-to-end JFrog-related Python vulnerability remediation, secure code validation, POAM documentation, and deployment coordination across target environments.
- Built Python-based automation utility for authentication and authorization validation, reducing manual checks and improving security reliability.
- Provided onboarding, technical guidance, knowledge sharing, and workflow support to new team members, accelerating ramp-up and adoption of AI-assisted development practices.
- Recognized by Accenture leadership for sustained high performance, ownership, and contributions to SAP Agents development.

INTERNSHIP EXPERIENCE

Virtual Reality Development Intern

EDODWAJA Pvt. Ltd.

Feb 2023 – Jun 2023

Hyderabad, Telangana, India

- Explored AR/VR development concepts and contributed to immersive learning-focused technology initiatives.
- Gained hands-on exposure to Unity-based workflows, game design, game programming, and interactive application development.

PROJECTS

SpectraStock Insights — Stock market insights and future prediction application built using Python, TensorFlow, and Streamlit. Features real-time data visualization and ML-based price forecasting. ([GitHub](#))

AlphaAuth Login — Secure user authentication system built with Django featuring OTP-based and link-based email verification, session management, and secure account creation workflows. ([GitHub](#))

Jammo-Run — Unity-based 3D game featuring a robot player with custom gestures, physics-based movement, and user-controlled navigation across an isolated island environment. ([GitHub](#))

CERTIFICATIONS

• Microsoft Certified: Azure Fundamentals (AZ-900) — Microsoft	Jun 2025
• Reinvention with Agentic AI — Accenture + Stanford HAI	Jan 2026
• MongoDB SI Associate — MongoDB	
• Google Cloud Career Practitioner’s Campaign — GDSC IARE	Jan 2023

KEY ACHIEVEMENTS

• Secured Global Rank 1511 in TCS CodeVita Season 10	May 2022
• Recognized by Accenture leadership for contributions to SAP Agents development, ownership, and collaboration	
• Member, Google Developer Student Clubs (GDSC) — IARE Hyderabad	2022 – 2024
• Workshop Facilitator — Unity & Virtual Reality 101, IARE + Computer Society of India	Sep 2022

EDUCATION

B.Tech — Computer Science & Engineering (AI & ML), Institute of Aeronautical Engineering 2020 – 2024

ADDITIONAL INFORMATION

Languages	English (Fluent), Telugu (Native), Hindi (Fluent)
Interests	Generative AI, Agentic AI Research, Competitive Programming, Music, Gaming
